

Model

WKDP-21

Sheet Metal Plenum

(35" H x 18.75" W x 19.75" D)

Fits 21" Wide WINCHESTER Residential Evaporator Coil Models

DIRECTIONS: ALWAYS USE CAUTION WHEN HANDLING SHEET METAL.

1. Determine the proper height of the installation application.
2. Trim side pieces to fit application height and assemble plenum using the inter-locking feature.
3. Attach the open end of the plenum to the top opening of the indoor coil.
4. Use sheet metal screws and aluminum tape to secure and seal plenum to indoor coil flanges.

This Kit Contains: 4 side pieces and 1 top piece.
